MARKET INTELLIGENCE | PROBLEM & OPPORTUNITY DISCOVERY | BUSINESS RESEARCH

PROFESSIONAL SUMMARY

MBA professional focused on market intelligence, competitive research and structured insight generation. Experienced in competitor benchmarking, identifying service and market gaps, and converting customer and field signals into decision-useful recommendations. Uses a friction-first approach to examine recurring problems, existing workarounds and market alternatives, isolate unresolved needs, and distinguish observed evidence from assumptions. Independent ETHIC research applies this discipline to concept-stage product opportunities. Certified in IBM Enterprise Design Thinking and Agile; completed BCG Strategy Consulting simulation covering market research, consumer survey design and data analysis.

CORE STRENGTHS

Intelligence & Research: Market Intelligence, Competitive Intelligence, Competitor Benchmarking, Secondary Research, Insight Generation, Opportunity Assessment

Problem & Opportunity Discovery: Customer and operational friction analysis, service/process gap identification, workaround analysis, unmet-need
