Market & Strategy Intelligence: Market Research, Competitive Intelligence, Competitor Benchmarking, Opportunity Identification, Customer Requirement Gathering, Business Research, Decision Support

Tools: Advanced Excel (Pivot Tables, VLOOKUP, Conditional Formatting), Power BI, SQL (Basic), SPSS, Microsoft Office, Canva, AI-Assisted Research (ChatGPT, Microsoft Copilot)

Frameworks: Enterprise Design Thinking Practitioner (IBM), Agile Explorer (IBM), Strategy Consulting Job Simulation (BCG via Forage), Claude AI - Productivity (10X)

PROFESSIONAL EXPERIENCE

Nexa Homes Pvt. Ltd. - Growth Manager and Operations Associate

May 2025 - August 2026 | Hyderabad, Telangana, India

- Managed end-to-end client operations across a 100+ residential real estate portfolio, translating client requirements and value-based pricing into customization-led offers from first visit through post-sale delivery.
- Led competitive intelligence and market research across Hyderabad's residential real estate landscape, benchmarking players including My Home Group and ASBL to identify service gaps, market opportunities and differentiation priorities.
- Owned post-sale execution across 100+ client engagements, coordinating upgrade requests, vendor handoffs and sales-delivery alignment to maintain continuity through fulfillment.
- Built and maintained MIS reports and operational dashboards in Advanced Excel and Power BI, consolidating field and customer data into decision-ready views for leadership.
- Identified and proposed process improvements to streamline manual coordination across the sales-to-delivery handoff.
- Coordinated multi-channel lead-generation activity across Instagram, WhatsApp and Google to support the inbound pipeline feeding the client portfolio.

PROFESSIONAL EXPERIENCE (CONTINUED)

Mercedes-Benz Silver Star - Management Trainee

July 2022 - September 2022 | Hyderabad, Telangana, India

- Completed a structured cross-functional Management Trainee rotation across Business Operations, HR, Sales and Marketing at a globally recognised automotive brand.
- Coordinated recruitment operations including candidate documentation, candidature selection, interview scheduling and employee-record management, and supported process documentation and workflow coordination across teams.

ADDITIONAL EXPOSURE

Tata Motors: Organizational Structure Training Program (April-May 2021). **My Choices Foundation:** Social Concern Project / impact internship (January 2022), supporting communication design and Excel-based coordination.

PROJECTS AND RESEARCH

Master's Thesis - Forecasting Employee Turnover in the Bangalore IT Industry. Analysed workforce survey data in SPSS and Advanced Excel to identify attrition drivers and retention insights; received the Academic Excellence Award for Outstanding Research at CHRIST (Deemed to be University).

Independent Venture Research - Premium Co-Living Concept, Hyderabad. Developed a business masterplan covering market and location targeting across Hyderabad's IT corridor, brand positioning, financial planning, operating-model design and competitive analysis.
